

Size table

Size tables serve only as a guide for choosing the right size and do not give rise to claim for goods. If your measured values are between two sizes, always choose the larger one. Work clothes, shoes and other protective work aids are designed for all-day wear and should be as comfortable as possible

CLOTHING

Dimensions are given in cm. * Tolerance + - 5%

HOW TO SET THE CORRECT CODE?

Product code - by entering the product code at the two-digit **XX** select your size in size chart.

**Do you have the right size?
Measure your palm!**

Put your palm by edge of index finger on the dashed line according to drawing. On the right side beside your hand is shown a size of your glove
